BURNETT & QUARLES,

PORTO RICO TAXED.

The Republican Scheme Goes Through.

Democrats Make a Vallant Fight, but are Finally Defeated, 161 to 153.

Washington, April 12.—The long and bitter struggle over the Porto Rican tariff bill ended yesterday, when the House by a vote of 161 to 153 concurred in all the Senate amendments.

The bill now requires only the signatures of the Speaker of the House and the president of the Senate before going to the President for his approval. These signatures will be attached to-day and before nightfall the bill will probably be a law.

As the bill originally passed the House it was a simple bill imposing 15 per cent. of the Dingley rates on goods going into Porto Rico from the United States and coming from Porto Rico into the United States. As amended by the Senate to-day agreed to by the House all restrictions on goods coming into the United States are eliminated and certain food-stuffs and other articles which heretofore have gone into Porto Rico by executive order are excluded from the operation of the 15 per cent. duty imposed on goods entering the island from the United States.

A complete scheme of civil government for the island is also attached to the measure.

Republicans Opposing.

Upon the final vote nine Republicans voted against the bill—Messrs. Heatwole (Minn.), Crumpacker (Ind.), Lane (Ia.), Littlefield (Me.), McCall (Mass.), H. C. Smith (Mich.), Warner (Ill.), Fletcher (Me.) and Lorimer (Ill.).

Two Democrats, Messrs. Davey and Meyer (La.), were paired with Democrats in favor of the bill, and one Democrat, Mr. Sibley (Pa.), voted for it outright. Mr. Davis, the other Democrat who voted for the original bill to-day voted against concurrence.

Mr. Stallings (Dem., Ala.) was the only member on either side absent and unpaired.

WOOD-HARRIS.

Young Couple Quietly Go Over To Springfield.

Ewing Wood, second son of the late Dr. Ben S. Wood, and Miss Sallie Harris, daughter of Dr. L. J. Harris, were married in Springfield, Tenn., Wednesday night. It was not an elopement, but the young people decided to leave home to wed on account of the romance of the thing, and illness of the bride's mother, which prevented a home wedding.

They went to Nashville yesterday and after visiting that city and Louisville for a few days will return home and board for the present with the groom's mother on North Main street.

The groom is a young man not yet of age, who is operating his grand-mother's farm a few miles west of the city. His bride is a pretty and very attractive young lady and is a niece of Dr. W. M. Hill, of this city, at whose house she has frequently visited.

GLOVER-DEW.

Clardy Couple Will Marry Next Sunday Morning.

Mr. John W. Glover and Miss Ada Dew, a young couple living near Clardy, North Christian, will be married next Sunday. Rev. N. C. Lamb, of the Baptist church, will perform the ceremony at 10 o'clock in the morning.

Miss Ritchie Burnett joined her brother, Mr. John P. Burnett, at Memphis this week, and will accompany him on his trip through Texas.

CONSTABLE RIVES

Thinks Oldham Did Not Kill Martha Bell.

The Prisoner's Version of the Affair—No Pistol Found On Him.

Constable Frank Rives sends in the following statement made to him by less Oldham when he surrendered last Monday. "He says he thought it his duty to report the case to some officer and I was the only one he thought he could find that night. He says he was with the woman when she was shot. They were coming along the Clardy highway when they came to a mud-hole in the road and he stepped in front of her about five steps when he heard some one behind him say: "G—d—you told you I was going to kill you" and the pistol fired. Oldham says he ran and four more shots were fired, at him he thought. He ran to a bend in the fence where he stopped and heard some one call this woman by her name and begging her to get up and telling her he did not mean to kill her. He says he went back to the corner and saw some one pulling at her as if he was trying to get her up and saw him run off when he advanced.

He says he went back to the woman and found her dead. He next went home and got a horse and came after me. He says he knows the man who shot her and will tell his name when the time comes. He says he heard the same man tell her about a week before that if he ever caught her walking up and down the road with him again he would kill her. Oldham got to my house between midnight and day and asked me to take him to Bell's and telephone the coroner and said he knew he would be charged with killing Martha Bell because he was last seen with her and he wanted to stand his trial.

He made no statement before the coroner's jury as there was too much excitement among the negroes: they told me they were going to kill him right there, that he should not leave there alive, and it was all I could do to keep them from killing him. I am satisfied they would have killed him if they could have gotten some one to lead. I saw the rope they had. My giving him up to the coroner was all that saved him. That seemed to pacify them. I had several white men go with me and surround the buggy until they got away from the crowd. I was present when the coroner searched Oldham and helped to handcuff him. We found no pistol or weapon of any kind on him. Oldham has not asked for a trial and may await the action of the grand jury."

Mr. Rives further gives it as his opinion that Oldham did not kill the woman.

ADCOCK-CRICK.

Planned to Elope, But Got Consent of Parents.

Mr. John W. Adcock and Miss Lurena Crick, daughter of Esq. Noah Crick, all of the Old Petersburg neighborhood, were married in the County Clerk's office last Monday by Judge Cansler.

The young people had planned to elope to Tennessee, but when the Sunday night he was met by the young lady's father, who entered his protest against the proceedings.

After considerable discussion of the matter however, the latter gave his consent to the marriage, and the three came to the city the next day and the ceremony was said.

Services at the Methodist church Sunday morning will be under the direction of the Foreign Missionary Society. Easter Sunday is set apart by the Woman's Board for special contributions to the Twentieth Century educational fund. A good program has been prepared and a large offering is expected from the membership. Everybody is invited.

"The Strength of Twenty Men."

When Shakespeare employed this phrase he referred, of course, to healthy, well-bolted men. If he had lived in these days he would have known that men and women who are not healthy may become so by taking Hood's Serravallo. This medicine, by making the blood rich and pure and giving good appetite and perfect digestion, imparts vitality and strength to the system.

The non-irritating cathartic-Hood's Pills.

Another Agreement.

An agreement has been drawn up for the purpose of hastening judicial action upon the contents for the minor State offices. The agreement is similar to that under which the several cases involving the offices of Governor and Lieutenant Governor were consolidated and submitted to Judge Field. It provides that one of the pending cases be taken as a test case, to be submitted at once to Judge Cantrell, appealed to the Court of Appeals and carried there on writ of error to the Supreme Court of the United States. The agreement is proposed by the Republicans, and will probably be accepted by the Democrats, with the result that the test case may reach the Supreme Court almost or quite as soon as the case involving the office of Governor.

Everybody Says So.

Canaan's Caty's Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, acts gently and positively on kidneys, liver and bowels, cures the entire system, dispels colic, cure headache, fever, habitual constipation and biliousness. ANNOUNCEMENT.

We are authorized to announce
HON. HENRY D. ALLEN.
Of Union county, as a candidate for reelection to Congress, subject to the action of the Democratic party of the Second District.

David Harum has been dramatized and was put on the stage at Rochester, N. Y., this week for the first time.

Dewey will certainly be in Louisville next month and arrangements are already being made for his entertainment.

Admiral Dewey denies a report that he will withdraw from the race for President. What does Mrs. Dewey say about it?

Miss Olga Netherlands, who was indicted for playing "Sapho" in New York, was acquitted by the jury, who evidently thought nothing was too tough for Gotham.

One Mr. Todd, Taylor's late private secretary, is in Indianapolis with Charles Finley and other fugitives. There is no warrant against Todd.

The North Carolina State Convention instructed for Bryan and at the same time nominated a ticket for state officers headed by Chas. B. Aycock for Governor.

Twelve Chicago contractors whose aggregate wealth totals well up in the millions donated overalls in order to fulfill a plumbing contract on a building where the regular workmen had gone on a strike.

Frederia is now crowded with 4,000 British prisoners and Roberts is not so much concerned about reaching Frederia as he is about getting out of Bloomfontein with a whole hide.

Mrs. Dewey has left the Catholic church and joined her husband's church, the Episcopal. Perhaps the compromise was that she would join his church if he would join her party and run for President.

Dr. Furnish called upon Dr. Lively at the Lakeland Asylum Wednesday and no clash occurred. Dr. Furnish will wait on the decision of the Supreme Court, which need not be expected until next summer.

At least one Louisville Republican does not take kindly to the proposition to elect Bradley to Congress from the Louisville district, although he lives in another district. H. S. Irwin is already in the field as a candidate.

Capt. Throckmorton, for two months acting commissioner of agriculture, is still sending out monthly reports of the crops, although he has been out of office a month or more. The Captain should acknowledge the "corn." He is evidently feeling his "oats" and is waiting and hoping that something will "turnip" in this "wheat" bye-and-bye. There is something really plaintive in this melancholy close to his report. "Feed is scarce, pastures are in poor condition, and how to keep the lambs in a thrifty condition till the grazing season is a serious question now with flock owners."

How's This?
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CLENEY & CO., Prop., Toledo, O.

HON. H. D. ALLEN.

The formal announcement of Hon. Henry D. Allen for renomination for Congress appears in to-day's paper. During the term he has served Mr. Allen has demonstrated his capacity, his fidelity to his constituents and his increasing influence as a public servant and party leader. He has won the endorsement we feel sure the people will accord to him and to do the thing gracefully we hope to see Mr. Allen returned without opposition. It is the unwritten law of the Democratic party in the Second district that its representatives be given an endorsement and no exception should or will be made in the case of the present able and popular member.

The senate committee on elections has reported unanimously in favor of unseating Senator W. A. Clark, of Montana, on a charge of bribery in his election. The committee reported against Quay, of Pennsylvania, who was appointed after failing of election by the Legislature, but Quay is said to have votes enough pledged to him to seat him in spite of the report. Clark will not be so fortunate and will lose the seat that is said to have cost him \$150,000. Clark is a Democrat and Quay is a Republican. This may make some difference.

The Williamsburg Times objects to our use of dastards and bastards with reference to certain Republicans. We think the objection is not well taken. Every son-of-a-gun engaged in the conspiracy to assassinate Gov. Goebel is a dastard and if some of them are not bastards we have been misinformed and are willing to make the amende honorable when it is shown to be untrue.—Interior Journal.

The passage of the bill taxing the property stricken subjects of the re-insular territory of Porto Rico for the benefit of the trusts of the mainland has gone through under the party lash. The people are next to be heard from on the subject.

The grand jury should try to find out how much of Howard's \$1,600 of blood money came from the fund raised to "stamp out Goebellism." Did it come from 3,200 fifty-cent slot letters? If so, were the ambushed assassins alone in their guilt?

The Democrats of Fulton will give a banquet next Tuesday night to the Democratic Committee of the First district, upon the meeting of the committee there to take action in the Congressional race. The banquet will be at Knight's Hotel.

Jim Howard declares that he is innocent of the murder of the Governor and would hasten to Frankfort to prove it but for the fact that he has a previous engagement to be tried for murdering another man in Clay county.

Of course there will be no clash at Frankfort. So long as the Democrats stand tamely by and see their Governor assassinated, their courts defied and their rights trampled under foot, why should there be a clash.—Glasgow Times.

The date of the Republican convention will be May 17 and it will be held at the auditorium in Louisville. Taylor, if he is in a position to attend, will be one of the delegates from the State at large to the Philadelphia convention.

The Somerset Paragon says some of its readers "have taken pains to kick at its plate and open fight against Wm. Goebel for Governor." Perhaps they "taken offense" at the Republican methods for stamping out Goebellism.

The Paducah Leader, the Democratic paper started a year ago by Warren Martin, made an assignment this week to S. N. Leonard, of Eddyville. The liabilities are \$4,000 and the assets \$1,500.

W. S. Taylor is back in Frankfort and is a candidate for the Republican nomination for Governor this fall. His followers in control of the state organization have promised to let him appeal to the voters for a "vindication," that is provided he is in a position to make the race.

Lord Roberts is now busily engaged in fortifying for a siege at Bloomfontein and has detailed 10,000 men to see that the railroad is not destroyed to cut off his retreat if it comes to the worst.

Judge Caldwell, of Arkansas, rises to remark that he will not be a candidate for vice-President. This leaves Judge Tarvin, of Kentucky, the only announced candidate on our side.

Senator Lindsay has moved to New York to practice law. Like Mr. Carlisle, he found that the bridges behind him had all been burned when he fired the woods to head off Bryan.

Considering the demand of the people that some of Gov. Goebel's assassins be tried and executed at once, it looks like a long time between grand jury reports.

There are indications that the next Republican platform in Kentucky will have a trap door in the center.—State Democrat.

Gol. Bryan is in Southern California this week-end was given a big reception at Los Angeles Tuesday night.

There is still some doubt about who fired the shot but there is no doubt whatever about who aided the assassin to escape.

South Trimble is in a fair way to win the Congressional nomination in the Seventh district before his opponents get started.

The attorneys at Frankfort haven't signed any more agreements for a whole day.

SUPERINTENDENT.

The Senator From Boone Will
Succeed a Republican.

Dr. Furnish Appointed Superintendent of Lakeland Asylum, Tuesday.

Frankfort, Ky., April 10.—Gov. Beckham this afternoon appointed Dr. J. G. Furnish, of Boone county, Superintendent of the Central Insane Asylum at Lakeland; Dr. J. W. Hill, of Nelson county, First Assistant Physician, and Mr. Samuel Fulton, of Louisville, Steward. Dr. Furnish will leave this afternoon for Lakeland to demand that the present Superintendent retire, but anticipates his refusal. It is believed here that the Republican Superintendent will decline to move out until the Supreme Court acts in the governorship case.

The new Superintendent served in the State Senate from Boone county. A special election will be called to fill the vacancy in that office.

The present Superintendent of the Lakeland Asylum is Dr. Mark M. Lively, of Clark county. By appointment of the then Governor, W. S. Taylor, he succeeded to the office at the death of Dr. Goslee. Dr. Lively is in Frankfort. What his course will be could not be learned at the asylum.

Americans are known as a dyspeptic people. The extent of this disease may be inferred from the multitude of so-called "medicines" offered as a remedy. They are often in tablet form and have no value except as palliatives of the immediate effects of dyspepsia. The man who used them may feel better but is surely getting worse. They do not touch the real cause of the disease. Dr. Pierce's Golden Medical Discovery is a medicine specially prepared to cure diseases of the stomach and organs of digestion and nutrition. It is not made to give temporary relief but to effect permanent cure. In ninety-eight cases out of every hundred it cures perfectly and permanently.

It has cost Dr. Pierce \$25,000 to give away in the last year the copies of his People's Common Sense Medical Adviser which have been applied for. This book of 1008 pages is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

FROM CHOLERA DURING THE PAST YEAR.

The Germs of This Fatal Disease are Lurking Everywhere! Thousands of Dollars Saved by This Wonderful Discovery.

Hundreds of thousands of dollars have been lost to the poultry business on account of the devastation among the flocks, caused by cholera, roup, gape, and other fatal diseases. There have been many remedies advanced, but none seem to be so successful as the American Poultry Mixture. This will cure chickens in the last stage of cholera and roup, and is excellent for gapes. Do your fowls suffer from violent diarrhea, drooping of the wings, stupor or excessive thirst? These are the first symptoms of cholera. Cholera is a germ disease and being infectious spreads rapidly through the flock. Take time by the forelock; don't stop to experiment with unreliable or untried remedies. Use this mixture at once and the sanitary measures they recommend in connection. Don't give the fowls up. Cholera is a terrible disease but this remedy cures it every time. It is also guaranteed for roup, which can be told by hoarse breathing, swelled eyes, discharge at the nostrils, resembling catarrh. Fifty dollars is offered for any case the Mixture will not cure. If some of your fowls are diseased it will prevent the rest from catching it. Try it. It is cheap, reliable and effective; a scientific preparation, grows more than three times as far as any other remedy; does more good than all of them combined. It is used and endorsed by the most experienced and largest breeders of plain and fancy poultry in all parts of the world. The manufacturers guarantee every package or refund purchase money. If your druggist don't sell American Poultry Mixture, he's behind the age. In that case send \$1.00 for sample box to American Mfg. Co., Terre Haute, Ind.

BOER VICTORIES.

British Brought to a Sudden Halt in Africa.

Tables Turned and a Series of Reverses Come to Lord Roberts.

London, April 9.—The recent successes of the Boers and their aggressive movements around Bloemfontein have caused the whole Free State to rise again. From the Bloemfontein water-works, recently taken by them, the Boers are threatening the British communications to the South. The Boers are in force south of the town. Attacks are frequently made on the British pickets.

It is reported from Pretoria that Gen. Dewet attacked and defeated a large force of British cavalry at Dewet's ford, southeast of Bloemfontein, capturing 450 prisoners and a large quantity of ammunition and camp stores and inflicting heavy loss.

The Federal loss was two killed and four wounded. All is quiet with the other commandos.

Gen. Gatacre has retired to Bethany.

The Boers are displaying renewed activity in Natal.

When it is borne in mind that all the dispatches from the front are severely censored, there is little in the news to bring satisfaction to England. Assurances that nothing need be feared, even if the railways and telegraphs are cut and Bloemfontein isolated, together with the news that the ladies and other civilians are being ordered away to not agitate war.

There are rumors from Cape Town that the telegraph wires were already cut yesterday (Sunday), and also that the Hussars, who were sent to the relief of the Royal Irish Rifles, are also missing.

Baptist Statistics.

The American Baptist Year Book for 1900 is out. The regular Baptists have in the United States 1,655 district associations, 43,437 churches, 29,473 ordained ministers and 4,181,686 members. During the year there were 184,845 baptisms—an average of over 500 for every day in the year. The aggregate of our contributions is \$12,348,528. The value of our church property (houses of worship) is \$86,648,782.

Miners Strike.

Indianapolis, April 6.—About 1,600 coal miners in Hopkins county, struck to-day, demanding the Indianapolis scale. This district has been unionized during the past year. The men have been receiving less wages than union miners and worked under poorer conditions, with the result that the union could not enforce its scale in southern districts.

"Look out!" cried the captain, as the camel-boat was passing under a low bridge. A Frenchman immediately put his head out of the cabin window to look, and got a severe blow. Rubbing his head ruefully, he cried: "Why do these Yankees call look out when they mean look in?"

Look out for your health means look in. For the secret of health is within you. Germs are in the air you breathe and in the water you drink, but if your blood is pure and your stomach sound the germs can find no permanent lodgment. To keep the blood and stomach in sound health or to re-establish them in a healthy condition when they are diseased, no medicine is so effective as Dr. Pierce's Golden Medical Discovery. It purges the blood, cleanses the system of waste and poisonous substances, increases the activity of the blood-making glands, and invigorates the stomach and other organs of digestion and nutrition.

"I can say honestly and candidly that Dr. Pierce's Golden Medical Discovery is the greatest medicine ever compounded for purifying the blood," writes Miss Annie Wells of Peabody, Mass., "and I suffered terribly with rheumatism, and pains in the joints, and swelling in my knees and feet so that I could not walk. I decided to try Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' and an entirely cure."

THE

NEW YORK WORLD,

THIRICE-A-WEEK EDITION.

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-A-Week edition of The New York World, and with the presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in dollar a year journalism.

It is issued every other day, and is at all purposes a daily.

Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week. The price is only \$1.00 per year.

It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-A-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—"The New York World."

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons there are others. Read it and see them all.

We offer this unequalled newspaper and the KENTUCKIAN together one year for \$2.50.

The regular subscription price of the two papers is \$3.00.
